

PROJECT INFORMATION

Project title: Analysis of tree mortality in ICP Forests Level I network

Project ID: 152

Contact person: Tanja Sanders (tanja.sanders@thuenen.de)

PROJECT DESCRIPTION

The evaluation of tree mortality analysis in Neumann, Mathias; Mues, Volker; Moreno, Adam; Hasenauer, Hubert; Seidl, Rupert (2017): Climate variability drives recent tree mortality in Europe. In: Global change biology 23 (11), S. 4788-4797. uses ICP Forests Level I data; however, first checks were unable to reproduce the results and a detailed analysis shall be used to check the published figures as well as produce a reliable data set on tree mortality
